ERERA Builds Staff Capacity towards Launch of Regional Electricity Market

ERERA held a three-day strategic retreat for its staff to keep them attuned to the launch of the regional electricity market which has been scheduled for June 2018 in Cotonou, Benin.

With “One Team, One Goal” as its theme, the retreat, which ended on 15th March 2018 in Ho, the capital of the Volta Region of Ghana, provided an opportunity for outdoor team-building activities as well as classroom training sessions on teamwork, goal achievements and emotional intelligence, among others.

The Chairman of ERERA, Professor Honoré Bogler, stressed that a team-building spirit was of high importance to the efficient take-off and operationalization of the market, and its benefits for citizens of the ECOWAS Community.

He stated that the theme choice for the retreat was apt as it would further sensitize staff towards the need for a shared vision and harmonious work attitude, especially towards the effective monitoring of the regional electricity market, which is a key part of ERERA's mandate.
