### **Ivorian Power Regulators Visit ERERA**

A three-member delegation from the National Electricity Regulatory Authority of Cote d'Ivoire (ANARE-CI) on April 24, 2024, ended its three-day working visit to ERERA to gather first-hand information on some of ERERA's regulatory activities.

The working visit is part of an agreement between the Chairman of ERERA, Engr. Laurent Tossou and the Director General of ANARE-CI, Mr. Amidou Traore, in February 2024, in Abidjan, Cote d'Ivoire, to allow the delegates to learn about ERERA's regulatory activities: in particular, its tariff methodology for the Regional Electricity Market.

In his welcome remarks, Engr. Tossou expressed optimism that the visit would further strengthen the relationship between the two institutions and serve as a model for other institutions to copy.

Members of the ANARE-CI delegation which consisted of Messrs. Doffou Marc Elisée Monsoh, Economic and Financial Director; Ekra Laurent Bledou, Technical Director and Chiapault Gilles-Arnaud Mondon, Head of the Financial Control Department, were treated to presentations on ERERA's tariff methodology and related matters.

ERERA's Senior Power Expert, Mr. Yawovi Negbegble, its Senior Legal Expert, Mr. Oumar Bangoura as well as its Power Expert, Mr. Nutifafa Fiasorgbor, addressed the tariff-related issues with the members of the ANARE-CI delegation.
